Shannon Quinlivan, Sierra Donor Services
Tracy Bryan, Sierra Donor Services

Please see our Memorial Book—located in the Meditation Room of Peace overlooking the Memorial Garden—to read the names of the organ and tissue donors and our organ and tissue recipients being remembered this evening.

The donation community shall never forget the people who shared life-saving gifts, nor the families and friends who made such generosity possible. Your loved ones will be forever remembered for both the lives given and the lives lived. Together, you have touched our world deeply and invited all of us to embrace light and life.

Candle and Tree Lighting

Please follow the Sacramento Children's Chorus outside and gather around the Donor Tree and Rock in the Memorial Garden outside.

Our Donor Tree will be lit by guests present at tonight's ceremony. The gold lights on the tree represent organ and tissue donors from Kaiser Permanente South Sacramento from 2013 - 2015; the white lights represent recipients who have received the miracle of life in organ and tissue donation from 2013-2015; The Donor Rock was designed by Deanna and Rich Santana in memory of their son, Scott, and was dedicated in 2013.

The Donor Tree will remain illuminated through January 1, 2016.

Special Thanks

We extend our thanks to our special guests this evening – our organ and tissue donor families and recipients, and especially for the donors giving the Miracle of Life mentioned in our Memorial Book.
